

CALL FOR PRESENTERS – EXPRESSION OF INTEREST

ADAQ CLINIC DAY 2026

Queensland's premier annual continuing professional development event for the dental profession.

DATE

Fri, 6 November 2026

VENUE

W Hotel, Brisbane

EOI CLOSES

Monday, 6 July 2026

ABOUT THE EVENT

ADAQ Clinic Day is the Queensland dental profession's premier annual continuing professional development event. Held each November in Brisbane, it brings together dental practitioners and the broader dental team for a full day of evidence-informed learning, practical skills development, and professional connection.

THE 2026 THEME

The Smarter Practice: AI, Innovation & the Future of Dentistry

01 Digital & AI in Practice

Examples include CBCT interpretation, AI diagnostics, digital records and notetaking, CAD/CAM and in-house milling.

02 Clinical Mastery

Examples include cariology, diagnosis and treatment planning, DMFR, endodontics, medical history/medications, periodontics, prosthodontics, oral medicine, oral surgery, orthodontics, special needs dentistry, pharmacology, and compliance.

03 The Resilient Practitioner

Examples include wellbeing, burnout prevention and communication skills.

The examples listed under each theme are **indicative only**. We welcome proposals that address these or other relevant topics that align with the spirit of the theme.

Note: The final theme is subject to board confirmation. Accepted presenters will be notified of any change.

WHO WE ARE LOOKING FOR

ADAQ invites suitably qualified and experienced individuals to submit an Expression of Interest. We welcome submissions from:

- **Registered dental practitioners** — including dentists, dental specialists, dental hygienists, dental therapists, and oral health therapists
- Academics and researchers with applied clinical relevance
- Health technology, digital health, or AI specialists with demonstrated expertise in the dental or broader health sector
- Allied health professionals, legal practitioners, or business specialists whose work directly supports dental practice

All presenters must hold appropriate qualifications and demonstrated expertise in their proposed subject area. Presentations must be evidence-informed, balanced, and free of commercial bias.

PROGRAM STRUCTURE & SESSION TYPES

Clinic Day runs from 8:00am to approximately 5:30pm, with plenary and concurrent stream sessions. We are seeking submissions across two formats:

Presentation 45-60 MIN

Structured, slide-supported session with Q&A. Suitable for clinical, research, technology, and professional topics.

Hands-On Workshop 60-90 MIN

Practical, skills-based session with participant interaction and applied learning.

All sessions are delivered in person in Brisbane. A hybrid or live-stream format is not available for Clinic Day.

CONFLICT OF INTEREST & COMMERCIAL CONTENT

⚠ Important: All content must be objective, evidence-based, and free of commercial promotion. Any actual, perceived, or potential conflict of interest must be declared in your submission. Declarations will not automatically disqualify an application — they are assessed case by case.

Presenters are required to disclose financial or non-financial relationships with industry — including employment, consultancy, speaker fees, research funding, or shareholdings — and must ensure content does

not promote a specific product, brand, or commercial entity. ADAQ reserves the right to decline or withdraw an invitation where a conflict cannot be appropriately managed.

CPD & CONTINUING EDUCATION

ADAQ Clinic Day contributes to dental practitioners' CPD obligations under the Dental Board of Australia's registration standards. Individual sessions are not required to be formally accredited or certified. Content must meet ADAQ's standard of evidence-informed, practice-relevant delivery appropriate for AHPRA-regulated professionals.

WHAT ADAQ PROVIDES

- A/V equipment, screen, and presentation support
- Speaker introduction and program listing
- Complimentary Clinic Day attendance (registration fee waived)
- Networking with Queensland dental practitioners

Presenters are responsible for their own travel and accommodation. Honoraria are assessed subject to ADAQ's budget and discussed individually with accepted presenters. Presentation materials will be required by Friday, 23 October 2026 to allow time for review and any necessary revisions.
